SINGLE DECK ROCKET

Proudly Australian-built, these vessels offer the most exciting way to explore Sydney Harbour.

The 148-passenger, single-deck Rocket ferries deliver high speed, low-wash performance with exceptional stability, making them an ideal choice for seamless on-water transport. Designed for comfort and convenience, these ferries feature two open-air viewing areas at the bow and stern, along with spacious interior seating.

Perfect for corporate or social groups, the Rocket fleet offers the most efficient, hassle-free way to transfer between venues, with refreshments and snacks available to enjoy along the way.
