Welcome Aboard

Discover the best way to see Sydney. We believe Sydney Harbour is the most beautiful in the world, but there is so much more to our waterway beyond the natural beauty. Wildlife and whale watching, islands and beaches, hidden coves and fishing villages all make up a vibrant living Harbour. Our sightseeing cruises are simply world renowned.

When it comes to dining on Sydney Harbour there is only one brand both locals and visitors trust. Captain Cook Cruises has been at the forefront of quality on-water dining for over five decades, setting the benchmark year after year.

Our namesake, Captain James Cook, was a British naval Captain, navigator, and explorer with an ambition to go "as far as possible for man to go". In his 1770 voyage to Australia, he encountered the oldest living culture in the world. His records show "They live in a tranquility which is not disturbed by the inequality of condition: the earth and sea of their own accord furnishes them with all things necessary for life".

Proudly Cruising Sydney Harbour for over 50 years.

Acknowledgement of Country

Captain Cook Cruises Sydney acknowledges the 65,000 years the Aboriginal people have occupied mainland Australia. We acknowledge the Traditional Owners of the land and waterways on which we operate, the people of the Eora, Kuring-gai and Dharug Nations.

We recognise their continued custodianship and connection to the land, waters, and community. We pay our respect to Elders past and present, and extend that respect to all Aboriginal and Torres Strait Islander peoples.

Join us on Sydney Harbour and discover our iconic landmarks, revel in the natural beauty and immerse yourself in the stories of indigenous cultural life as we cruise through the lands of the Gadigal people in the heart of our city, the Wangal lands to the west of Darling Harbour and the Gamaragal lands on the north shore.
